

Crane Report Cards

| Score | Rating | What It Means |
|-------|---------------|---|
| 5 | Very Positive | Crane is attentive and follows handler or aircraft closely; is easily moved into the pen. |
| 4 | Positive | Crane follows handler or aircraft from a distance; can be led into the pen. |
| 3 | Neutral | Crane tentatively follows handler; will approach aircraft once it has stopped moving. |
| 2 | Negative | Crane shows no anxiety but ignores or will not follow the handler or aircraft; difficult to move into pen; leaves handler to forage in the wetland. |
| 1 | Very Negative | Crane displays anxiety or fear; will not approach handler or aircraft; must be forced in or out of pen. |
